

# auld corn BRIGADE

Irish influenced, provocative, honest,  
political punkrock...

... this describes best the new EP of **AULD CORN  
BRIGADE**. Harsher, faster and straighter than ever  
before.

**Auld Corn Brigade** slowly break away from  
traditional songs and publish their first 2 self-  
composed songs on this EP.

**With OUR FLAG, history meets punk rock. The 4  
songs of the EP are the voice of international  
solidarity and merge past and current issues.  
Varied female and male vocals supported by fiddle,  
whistle and banjo - accompanied and driven by  
rocking guitars.**

come out union men and women-  
stand up and fight!
